

Touch of God

VISION POWER NEWSLETTER: October 2015

Experiencing the Touch of God's Glory: From PASTOR KOLAWOLE CAREW

Welcome to the month of October. We are so blessed and privileged as a people and as a church to be partakers of the blessings of the tenth month. To God be the glory for His divine provision and protection in the last nine months of the year. The number ten (10) is of tremendous spiritual significance in our lives as children of the Most High and as a church. Ten represents wholeness, perfect ordering and completeness of God's purpose in our lives. The Touch of God's glory brings order and wholeness to our lives in Jesus name, Amen. The woman with the issue of blood for twelve years received the touch of God's glory on a faithful day and her life was turned around for good permanently (Matthew 9:21). This tenth month, we will experience a turning point in all areas of our lives in Jesus name (Amen). The touch of His glory brings about a change of status in our situation. Esther experienced a touch of God's glory and became highly favoured and elevated to a position of power and authority (Esther 2:16). This tenth month, promotion from God will be made visible in our lives in Jesus name (Amen). The touch of His glory takes away shame and brings honour to our lives. This tenth month, it is my prayer that we will experience the radiance and the beauty of God in all spectrums of our lives in Jesus name (Amen).

The ten lepers in Luke 17:12 received the touch of His Glory when they were healed of a shameful disease and their lives completely transformed. Mockery was put to an end in the life of the ten. This tenth month, your shame will be replaced with fame in Jesus name (Amen). Your victory and accomplishments will be made visible in Jesus name(Amen). The Touch of God's glory will bring about a turning point in our lives in Jesus name. In the book of Genesis 45: 27 – 28, Joseph sent words and carts to his father and the bible records that the life of Joseph's father was revived afterwards. Jacob received the gifts of transformation and revival .The number Ten here signifies wholeness in provision and a complete turn around in finances. This tenth month, we will experience the touch of His Glory in our finances in Jesus name (Amen). The touch of God's glory is a touch of tranquility and vitality. This will be our portion in Jesus name. The life of Jacob was energised and his spirit was made whole again as he received the gifts and the good news from His son .The glory of God restores Joy and revives hope.

This tenth month, Hope will be made alive again in our lives in Jesus name (Amen). As we experience the touch of God's glory our joy will be complete in Jesus name.

The touch of God's glory is also experienced when we live a righteous life. God loves righteousness and hates iniquity. In Genesis 18: 32 Abraham asked God --"I will speak ye but once peradventure ten shall be found there, and he said I will not destroy them. The number Ten (10) is associated with complete holiness. Ten is the number significant for complete deliverance and total victory in our relationships with God. This month, as we continue to live holy lives, we will be delivered from destruction in Jesus name (Amen). We will experience the touch of God's Glory as we live Holy in Jesus name.

Nevertheless, it is important to note that for us to experience the touch of God's glory, we must have a right heart and positive attitude to the God of all glory. Obeying the Ten commandments of the Lord is very fundamental and having faith in God cannot be overemphasised. The bible records that without faith, it is impossible to please The God of all possibilities (Hebrews 11:6).

It is my Prayer that, The God of all Glory will visit us in an unusual way this tenth month in Jesus name (Amen).

Happy New month and wishing you a glorious Thanksgiving in Jesus name (Amen).
